SOS Outreach, founded and headquartered in Colorado's Vail Valley, is a national youth development nonprofit utilizing outdoor experiential learning to inspire positive decision making for healthy and successful lives. Every SOS program incorporates the SOS core values of courage, discipline, integrity, wisdom, compassion and humility. SOS mentors help students define and practice these core values as they provide a consistent adult presence for students who may not otherwise have a positive role model in their lives. The program targets youth from underserved backgrounds or communities. SOS offers a multi-year, progressive curriculum beginning with a five-day introductory program, continuing with the four-year mentor-led curriculum and culminating when students return to SOS in a junior mentor capacity. Throughout the curriculum, SOS students focus on outdoor activities, character development, service learning, values-based leadership training and community engagement.
